PROXY STATEMENT

Annual Meeting of Stockholders
Thursday, May 13, 2010

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Reading International, Inc. (the “company,” “Reading,” “we,” “us,” or “our”) of proxies for use at our upcoming Annual Meeting of Stockholders (the “Annual Meeting”) to be held on Thursday, May 13, 2010, at 11:00 a.m., local time, at Montage Beverly Hills, 225 North Canon Drive, Beverly Hills, California, and at any adjournment or postponement thereof. This proxy statement and form of proxy are first being sent or given to stockholders on or about April 16, 2010.

At our Annual Meeting, you will be asked to (1) approve the adoption of the 2010 Stock Incentive Plan described herein and (2) elect eight directors to our Board of Directors to serve until the 2011 Annual Meeting of Stockholders.

As of March 24, 2010 (the “Record Date”), James J. Cotter, our Chairman and Chief Executive Officer, owned directly or indirectly, 1,023,888 shares of our class B voting common stock (“Class B Stock”), which represent a majority of the outstanding voting rights of the Company. Accordingly, Mr. Cotter has the power, acting alone and without the support or approval of any of our other stockholders, to determine the outcome of the proposal to approve the adoption of the 2010 Stock Incentive Plan, as well as the election of directors at the Annual Meeting. Mr. Cotter has advised us that he intends to vote in favor of both proposals described herein.

VOTING AND PROXIES

Am I eligible to vote?

If you owned shares of Class B Stock on the Record Date, you are eligible to vote, and you should have received a proxy card enclosed with this notice. If you did not receive a proxy card, please contact our Corporate Secretary, Kathryn Smith, at (213) 235-2236.

What if I own Class A Stock?

Holders of our class A nonvoting common stock (“Class A Stock”) on the Record Date do not have voting rights with respect to the matters to be brought before the stockholders at this meeting.

How many votes do I have?

With respect to each matter to be considered at the Annual Meeting, you will have one vote for each share of Class B Stock that you owned on the Record Date. On that date, there were outstanding 1,495,490 shares of Class B Stock.

How do I vote in person?

You may vote in person by attending the 2010 Annual Meeting. If you are not the record holder of your shares, please refer to the discussion following the questions “What if I am not the record holder of my shares?”

How do I vote by proxy?

To vote by proxy, you should complete, sign and date the enclosed proxy card and return it promptly in the enclosed postage-paid envelope.

To be able to vote in accordance with your instructions at the Annual Meeting, we must receive your proxy as soon as possible, and before the Annual Meeting. We will vote at the Annual Meeting in accordance with the instructions given to us in properly executed proxies. If you execute and return the enclosed proxy card without marking instructions, we will vote “FOR” each of the nominees for director. Although we do not know of any other matter to be acted upon at the Annual Meeting, the individuals indicated on your proxy card may vote in accordance with their judgment with respect to any other matters that may properly come before the Annual Meeting.

If I plan to attend the Annual Meeting, should I still submit a proxy?

Whether or not you plan to attend the Annual Meeting, we urge you to submit a proxy. Execution of a proxy will not in any way affect your right to attend the Annual Meeting and vote in person.

What if I want to revoke my proxy?

You have the right to revoke your proxy at any time before it is voted on your behalf by:

- filing with our Corporate Secretary at our address at 500 Citadel Drive, Suite 300, Commerce, California 90040, prior to the commencement of the Annual Meeting, a duly executed instrument dated subsequent to such proxy revoking the same;
- submitting a duly executed proxy bearing a later date; or
- attending the Annual Meeting and voting in person.

What if I am not the record holder of my shares?

If your shares are held in the name of a brokerage firm, bank nominee, or other institution, only it can give a proxy with respect to your shares. You should receive a proxy card from your bank or broker, which you must return in the envelope provided in order to have your shares voted.

If you do not have record ownership of your shares and want to vote in person at the Annual Meeting, you must obtain a document called a “legal proxy” from the record holder of your shares and bring it with you to the Annual Meeting.

Proxy Solicitation and Expenses

In addition to the solicitation by mail, our employees may solicit proxies in person or by telephone, but no additional compensation will be paid to them for such services. We will bear all costs of soliciting proxies on behalf of our Board of Directors and will reimburse persons holding shares in their own names or in the names of their nominees, but not owning such shares beneficially, for the expenses of forwarding solicitation materials to the beneficial owners. We estimate that the costs of soliciting proxies will total approximately \$17,000.

The presence in person or by proxy of the holders of a majority of our outstanding shares of Class B Stock will constitute a quorum. Abstentions will be counted for purposes of determining the presence of a quorum, as will broker non-votes, provided authority is given to attend the meeting or to vote on any matter to come before the meeting. Directors are elected by a plurality vote, so abstentions and broker non-votes will not affect the outcome of the election of directors.

PROPOSAL 1: APPROVAL OF ADOPTION OF THE 2010 STOCK INCENTIVE PLAN

On March 11, 2010, our Board of Directors adopted the Reading International, Inc. 2010 Stock Incentive Plan, which we refer to as the 2010 Plan, and recommended that the adoption of the 2010 Plan be submitted for approval by our stockholders as required under listing rules of The NASDAQ Capital Market on which our shares are listed for trading. In the meantime, we may make awards under the 2010 Plan, as long as the effectiveness of the awards is conditioned upon obtaining such stockholder approval.

A summary of the 2010 Plan is set forth below. The summary is qualified in its entirety by reference to the full text of the 2010 Plan, a copy of which is set forth as Appendix A to this Proxy Statement.

General

The 2010 Plan provides for awards of incentive stock options, nonstatutory stock options, stock bonuses, rights to acquire restricted stock, and stock appreciation rights (“SARs”). Incentive stock options granted under the 2010 Plan are intended to qualify as “incentive stock options” within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the “Code”). Nonstatutory stock options granted under the 2010 Plan are not intended to qualify as incentive stock options under the Code. See “Federal Income Tax Information” for a discussion of the principal federal income tax consequences of awards under the 2010 Plan.

Purpose

Our Board of Directors adopted the 2010 Plan to provide a means by which employees, directors and consultants of Reading and our affiliates may be given an opportunity to benefit from increases in value of our Class A Stock, to assist in attracting and retaining the services of such persons, to bind the interests of eligible recipients more closely to our own interests by offering them opportunities to acquire Class A Stock and to afford such persons stock-based compensation opportunities that are competitive with those afforded by similar businesses. All of our employees, directors and consultants are eligible to participate in the 2010 Plan.

Administration

Unless it delegates administration to a committee as described below, our Board of Directors will administer the 2010 Plan. Subject to the provisions of the 2010 Plan, the Board of Directors has the power to construe and interpret the 2010 Plan and to determine the persons to whom and the dates on which awards will be granted, what types or combinations of types of awards will be granted, the number of shares of Class A Stock to be subject to each award, the time or times during the term of each award within which all or a portion of such award may be exercised, the exercise price or purchase price of each award, the types of consideration permitted to exercise or purchase each award and other terms of the awards.

The Board of Directors has the power to delegate administration of the 2010 Plan to a committee composed of one or more directors. In the discretion of the Board, a committee may consist solely of two or more "Outside Directors" or two or more "Non-Employee Directors" (as such terms are defined in the 2010 Plan). Within the scope of such authority, the Board or the committee may (1) delegate to our Chairman of the Board of Directors the authority to grant awards to eligible persons who are either (a) not then "Covered Employees" (as such term is defined in the 2010 Plan) and are not expected to be Covered Employees at the time of recognition of income resulting from such stock award or (b) not persons with respect to whom Reading wishes to comply with Section 162(m) of the Code or (2) delegate to the Chairman of the Board of Directors the authority to grant awards to eligible persons who are not then subject to Section 16 of the Securities Exchange Act of 1934.

Our Board of Directors has delegated administration of the 2010 Plan to the Compensation and Stock Options Committee of our Board of Directors, and has delegated to our Chairman the authority to grant awards to those who do not fall under the exceptions listed in the previous paragraph. As used in this section with respect to the 2010 Plan, references to the "Board" include the Compensation Committee or any other committee to which our Board of Directors has delegated administration of the 2010 Plan.

Stock Subject to the 2010 Plan

Subject to the provisions of subsection 11(a) of the 2010 Plan relating to adjustments upon changes in common stock, an aggregate of 1,250,000 shares of Class A Stock will be reserved for issuance under the 2010 Plan.

If awards granted under the 2010 Plan expire or otherwise terminate without being exercised in full, the shares of Class A Stock not acquired pursuant to such awards will again become available for issuance under the 2010 Plan. If shares of Class A Stock issued pursuant to awards under the 2010 Plan are forfeited to or repurchased by us, the forfeited or repurchased stock will again become available for issuance under the 2010 Plan.

If shares of Class A Stock subject to an award are not delivered to a participant because such shares are withheld for payment of taxes incurred in connection with the exercise of an award, or because the award is exercised through a reduction of shares subject to the award ("net exercised"), the undelivered shares will no longer be available for issuance under the 2010 Plan. If the exercise price of any award is satisfied by the tender of shares of Class A Stock to us, the shares tendered will not be available for issuance under the 2010 Plan.

Eligibility

Incentive stock options may be granted under the 2010 Plan only to employees of Reading and its affiliates. Employees, directors and consultants of Reading and its affiliates are eligible to receive all other types of awards under the 2010 Plan.

No incentive stock option may be granted under the 2010 Plan to any person who, at the time of the grant, owns (or is deemed to own) stock possessing more than 10% of the total combined voting power of Reading or any affiliate of Reading, unless the exercise price is at least 110% of the fair market value of the stock subject to the option on the date of grant and the term of the option does not exceed five years from the date of grant. In addition, the aggregate fair market value, determined at the time of grant, of the shares of Class A Stock with respect to which incentive stock options are exercisable for the first time by any option holder during any calendar year (under the 2010 Plan and any other such plans of Reading and its affiliates) may not exceed \$100,000.

No employee may be granted options under the 2010 Plan exercisable for more than 1,000,000 shares of Class A Stock during any twelve-month period, which we refer to as the Section 162(m) limitation.

Terms of Options

Options may be granted under the 2010 Plan pursuant to stock option agreements. The following is a description of the permissible terms of options under the 2010 Plan. Individual option grants may be more restrictive as to any or all of the permissible terms described below.

Exercise Price; Payment

The exercise price of incentive stock options may not be less than the fair market value of the Class A Stock subject to the option on the date of the grant and, in some cases (see "Eligibility" above), may not be less than 110% of such fair market value. The exercise price of nonstatutory options may not be less than the fair market value of the Class A Stock on the date of grant.

The exercise price of options granted under the 2010 Plan must be paid either in cash at the time the option is exercised or, at the discretion of the Board, (i) by delivery of other Reading common stock, (ii) pursuant to a deferred payment arrangement, (iii) pursuant to a net exercise arrangement, (iv) pursuant to a cashless exercise as permitted under applicable rules and regulations of the Securities and Exchange Commission and the Federal Reserve Board, or (v) in any other form of legal consideration acceptable to the Board.

Vesting

Options granted under the 2010 Plan may become exercisable in cumulative increments, or "vest," as determined by the Board. Our Board has the power to accelerate the time as of which an option may vest or be exercised.

Tax Withholding

To the extent provided by the terms of an option, a participant may satisfy any federal, state or local tax withholding obligation relating to the exercise of such option by a cash payment upon exercise, by authorizing Reading to withhold a portion of the stock otherwise issuable to the participant, by delivering already-owned Reading common stock or by a combination of these means.

Term

The maximum term of options under the 2010 Plan is ten years, except that in certain cases (see “Eligibility”) the maximum term is five years. Options awarded under the 2010 Plan generally will terminate three months after termination of the participant’s service unless: (i) such termination is due to the participant’s permanent and total disability (as defined in the Code), in which case the option may, but need not, provide that it may be exercised (to the extent the option was exercisable at the time of the termination of service) at any time within 12 months of such termination; (ii) the participant dies before the participant’s service has terminated or within the period (if any) specified in the stock option agreement after termination of such service for a reason other than death, in which case the option may, but need not, provide that it may be exercised (to the extent the option was exercisable at the time of the participant’s death) within 12 months following the participant’s death by the person or persons to whom the rights to such option pass by will or by the laws of descent and distribution; or (iii) the option, by its terms, specifically provides otherwise. A participant may designate a beneficiary who may exercise the option following the participant’s death. Individual option grants by their terms may provide for exercise within a longer period of time following termination of service.

A participant’s option agreement may provide that if the exercise of the option following the termination of the participant’s service would be prohibited because the issuance of stock would violate the registration requirements under the Securities Act of 1933, then the option will terminate on the earlier of (i) the expiration of the term of the option or (ii) three months after the termination of the participant’s service during which the exercise of the option would not be in violation of such registration requirements.

Restrictions on Transfer

The participant may not transfer an incentive stock option otherwise than by will or by the laws of descent and distribution. During the lifetime of the participant, only the participant may exercise an incentive stock option. The Board may grant nonstatutory stock options that are transferable to the extent provided in the stock option agreement.

Terms of Stock Bonus Awards, Restricted Stock Awards, and SARs

Stock bonus awards may be granted under the 2010 Plan pursuant to stock bonus agreements. Restricted stock awards may be granted under the 2010 Plan pursuant to restricted stock purchase agreements. SARs may be granted under the 2010 Plan pursuant to stock appreciation right agreements.

Payment

Our Board determines the purchase price under a restricted stock purchase agreement, but the purchase price may not be less than the par value, if any, of the Class A Stock on the date such award is made or at the time the purchase is consummated. Our Board may award stock bonuses in consideration of past services without a purchase payment. The purchase price of SARs must be at a “strike price” of not less than the fair market value of the stock on the date the SAR is awarded.

The purchase price of stock acquired pursuant to a restricted stock purchase agreement or SARs under the 2010 Plan must be paid either in cash at the time of purchase or, at the discretion of the Board, (i) pursuant to a deferred payment arrangement or (ii) in any other form of legal consideration acceptable to the Board, provided that payment of the par value of the restricted stock may not be made by deferred payment.

Vesting

Shares of stock awarded under the stock bonus agreement may, but need not, be subject to a repurchase option in favor of Reading in accordance with a vesting schedule as determined by the Board. Unless the stock bonus agreement provides otherwise, all shares subject to the agreement will become fully vested upon the occurrence of a "Corporate Transaction" (as such term is defined in the 2010 Plan) pursuant to subsection 11(c) of the 2010 Plan.

Shares of stock acquired under the restricted stock purchase agreement may, but need not, be subject to forfeiture to Reading or be subject to other restrictions that will lapse in accordance with a vesting schedule to be determined by the Board. SARs may be subject to vesting at the discretion of the Board.

Termination of Service

Upon termination of a participant's service, Reading may reacquire any shares of stock that have not vested as of such termination under the terms of the stock bonus agreement. Reading will not exercise its repurchase option until at least six months (or such longer or shorter period of time required to avoid a change to earnings for financial accounting purposes) have elapsed following receipt of the stock bonus unless otherwise specifically provided in the stock bonus agreement.

Upon termination of a participant's service, any or all of the shares of Class A Stock held by the participant that have not vested as of the date of termination under the terms of a restricted stock purchase agreement will be forfeited to Reading in accordance with the restricted stock purchase agreement.

Upon termination of a participant's service, any SARs that have not vested as of the date of termination will be forfeited, and the participant must exercise any vested SARs within three months of the termination date.

Restrictions on Transfer

Rights under a stock bonus agreement or restricted stock purchase agreement may not be transferred except where such transfer is expressly authorized by the terms of the applicable stock bonus agreement or restricted stock purchase agreement.

Adjustment Provisions

If any change is made to the outstanding shares of common stock without Reading's receipt of consideration (whether through merger, consolidation, reorganization, stock dividend or stock split, or other specified change in the capital structure of the Company), appropriate adjustments will be made in the class and maximum number of shares of common stock subject to the 2010 Plan and outstanding awards. In that event, the 2010 Plan will be appropriately adjusted in the class and maximum number of shares of common stock subject to the 2010 Plan and the Section 162(m) limitation, and outstanding awards will be adjusted in the class, number of shares and price per share of common stock subject to such awards.

Effect of Certain Corporate Events

In the event of (i) a sale, lease or other disposition of all or substantially all of Reading's capital stock or assets, (ii) a merger or consolidation of Reading in which Reading is not the surviving corporation or (iii) a reverse merger in which Reading is the surviving corporation but the shares of common stock outstanding immediately preceding the merger are converted by virtue of the merger into other property, whether in the form of securities, cash or otherwise, any surviving or acquiring corporation may assume awards outstanding under the 2010 Plan or may substitute similar awards. Unless the stock award agreement otherwise provides, in the event any surviving or acquiring corporation does not assume such awards or substitute similar awards, then the awards will terminate if not exercised at or prior to such event.

The 2010 Plan provides that, in the event of a dissolution or liquidation of Reading, all outstanding awards under the 2010 Plan will terminate prior to such event and shares of bonus stock and restricted stock subject to Reading's repurchase option or to forfeiture may be repurchased by Reading or forfeited, notwithstanding whether the holder of such stock is still providing services to Reading.

Duration, Amendment and Termination

The Board may suspend or terminate the 2010 Plan without stockholder approval or ratification at any time or from time to time. Unless sooner terminated, the 2010 Plan will terminate on March 10, 2020.

The Board may also amend the 2010 Plan at any time, and from time to time. However, except as provided in Section 11 of the 2010 Plan relating to adjustments upon changes in common stock, no amendment will be effective unless approved by our stockholders to the extent stockholder approval is necessary to satisfy the requirements of Section 422 of the Code, Rule 16b-3 under the Securities Exchange Act of 1934 or any securities exchange listing requirements. Our Board may submit any other amendment to the 2010 Plan for stockholder approval, including, but not limited to, amendments intended to satisfy the requirements of Section 162(m) of the Code regarding the exclusion of performance-based compensation from the limitation on the deductibility of compensation paid to certain executive officers.

Federal Income Tax Information

The following is a summary of the principal United States federal income tax consequences to the participant and us with respect to participation in the 2010 Plan. This summary is not intended to be exhaustive, and does not discuss the income tax laws of any city, state or foreign jurisdiction in which a participant may reside.

Incentive Stock Options

There will be no federal income tax consequences to either us or the participant upon the grant of an incentive stock option. Upon exercise of the option, the excess of the fair market value of the stock over the exercise price, or the "spread," will be added to the alternative minimum tax base of the participant unless a disqualifying disposition is made in the year of exercise. A disqualifying disposition is the sale of the stock prior to the expiration of two years from the date of grant and one year from the date of exercise. If the shares of Class A Stock are disposed of in a disqualifying disposition, the participant will realize taxable ordinary income in an amount equal to the spread at the time of exercise, and we will be entitled (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to a federal income tax deduction equal to such amount. If the participant sells the shares of Class A Stock after the specified periods, the gain or loss on the sale of the shares will be long-term capital gain or loss and we will not be entitled to a federal income tax deduction.

Nonstatutory Stock Options, Restricted Stock Purchase Awards and Stock Bonuses

Nonstatutory stock options, restricted stock purchase awards, and stock bonuses granted under the 2010 Plan generally have the following federal income tax consequences.

There are no tax consequences to the participant or us by reason of the grant. Upon acquisition of the stock, the participant will recognize taxable ordinary income equal to the excess, if any, of the stock's fair market value on the acquisition date over the purchase price. However, to the extent the stock is subject to "a substantial risk of forfeiture" (as defined in Section 83 of the Code), the taxable event will be delayed until the forfeiture provision lapses unless the participant elects to be taxed on receipt of the stock by making a Section 83(b) election within 30 days of receipt of the stock. If such election is not made, the participant generally will recognize income as and when the forfeiture provision lapses, and the income recognized will be based on the fair market value of the stock on such future date. On that date, the participant's holding period for purposes of determining the long-term or short-term nature of any capital gain or loss recognized on a subsequent disposition of the stock will begin. If a participant makes a Section 83(b) election, the participant will recognize ordinary income equal to the difference between the stock's fair market value and the purchase price, if any, as of the date of receipt and the holding period for purposes of characterizing as long-term or short-term any subsequent gain or loss will begin at the date of receipt. If stock underlying an award does not vest and is forfeited, the award recipient recognizes no loss for income tax purposes.

With respect to employees, we are generally required to withhold from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, we will generally be entitled to a business expense deduction equal to the taxable ordinary income realized by the participant.

Upon disposition of the stock, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income with respect to the stock. Such gain or loss will be long-term or short-term depending on whether the stock has been held for more than one year.

Stock Bonus Awards

Upon receipt of a stock bonus award, the participant will recognize ordinary income equal to the excess, if any, of the fair market value of the shares on the date of issuance over the purchase price, if any, paid for those shares. We will be entitled (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code, and the satisfaction of a tax reporting obligation) to a corresponding income tax deduction in the tax year in which such ordinary income is recognized by the participant.

If the shares issued upon the grant of a stock bonus award are unvested and subject to reacquisition or repurchase by Reading in the event of the participant's termination of service prior to vesting in those shares, the participant will not recognize any taxable income at the time of issuance, but will have to report as ordinary income, as and when Reading's reacquisition or repurchase right lapses, in an amount equal to the excess of the fair market value of the shares on the date the reacquisition or repurchase right lapses over the purchase price, if any, paid for the shares. The participant may, however, elect under Section 83(b) of the Code to include as ordinary income in the year of issuance an amount equal to the excess of the fair market value of the shares on the date of issuance over the purchase price, if any, paid for such shares. If the Section 83(b) election is made, the participant will not recognize any additional income as and when the reacquisition or repurchase right lapses.

Upon disposition of the stock acquired upon the receipt of a stock bonus award, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon issuance (or vesting) of the stock. Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year.

Potential Limitation on Company Deductions

Section 162(m) of the Code denies a deduction to any publicly held corporation for compensation paid to a Covered Employee in a taxable year to the extent that compensation to such Covered Employee exceeds \$1,000,000. It is possible that compensation attributable to awards, when combined with all other types of compensation received by a Covered Employee from Reading, may cause this limitation to be exceeded in any particular year.

Certain kinds of compensation, including qualified “performance-based compensation,” are disregarded for purposes of the deduction limitation. In accordance with Treasury Regulations issued under Section 162(m), compensation attributable to stock options will qualify as performance-based compensation if the award is granted by a committee solely comprising Outside Directors and, among other things, the plan contains a per-employee limitation on the number of shares for which such awards may be granted during a specified period, the per-employee limitation is approved by the stockholders, and the exercise price of the award is no less than the fair market value of the stock on the date of grant. The 2010 Plan is designed to comply with this exception from the deduction limitation under Section 162(m).

Awards to purchase restricted stock and stock bonus awards under the 2010 Plan will not qualify as performance-based compensation under the Treasury Regulations issued under Section 162(m).

Attendance at Board and Committee Meetings

During the year ended December 31, 2009, the Board of Directors met five times. Each director attended at least 75% of the aggregate of the meetings of the Board of Directors and of all committees on which he or she served, during the period such individual served. The Audit and Conflicts Committee held four meetings in 2009. The Compensation and Stock Options Committee held seven meetings during 2009. We do not have a standing nominating committee. Our Board committees are discussed in greater detail under the caption “**Board Committees and Corporate Governance,**” below.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our officers and directors and persons who own more than 10% of either class of our common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission (“SEC”). The SEC rules also require such reporting persons to furnish us with a copy of all Section 16(a) forms they file.

Based solely on a review of the copies of the forms we have received and written representations from certain reporting persons, during 2009, the following Section 16(a) filings were filed late:

| Filer | Form | Date of Earliest Transaction | Date Filed |
|---------------------|-------------|-------------------------------------|--|
| Andrzej Matyczynski | 4 | 8/21/2008 | 2/17/2009 on Form 5 (amendment filed on 3/17/2010) |
| James J. Cotter | 4 | 6/24/2008 | 2/17/2009 on Form 5 |
| John Hunter | 4 | 2/12/2008 | 2/17/2009 on Form 5 (amendment filed on 3/16/2010) |

Code of Ethics

We have adopted a Code of Ethics applicable to our principal executive officer, principal financial officer, principal accounting officer or controller and company employees, which is available on our website at www.readingrdi.com.

Indemnity Agreements

We currently have indemnity agreements in place with each of our current directors and senior officers, as well as certain of the directors and senior officers of our subsidiaries. Under these agreements, we have agreed, subject to certain exceptions, to indemnify our directors and some of our senior officers against all expenses, liabilities and losses incurred in connection with any threatened, pending or contemplated action, suit or proceeding, whether civil or criminal, administrative or investigative, to which any such director or officer is a party or is threatened to be made a party, in any manner, based upon, arising from, relating to or by reason of the fact that such individual is, was, shall be or has been a director, officer employee, agent or fiduciary of our comp any.

The following table summarizes the director compensation for the year ended December 31, 2009:

| Alfred Villaseñor | \$ 35,000 | \$ -- | \$ 35,000 |

(1) Mr. Cotter receives compensation only as an executive officer of the Company and not in his capacity as a director.

(2) Margaret Cotter receives no director's fee, but receives a combination of fixed and incentive management fees under the OBI Management Agreement described under the caption "Certain Transactions and Related Party Transactions - OBI Management Agreement," below.

During 2009, our non-employee directors received an annual fee of \$35,000 for their services, including attendance at meetings and service on Board committees. Mr. James J. Cotter, Jr. receives \$100,000 in addition to his \$35,000 director's fee to serve as the Vice Chairman of the Board. The Chairman of our Audit and Conflicts Committee receives an additional \$2,000 of compensation for his services. Mr. Kane, the Chairman of our Tax Oversight Committee, received an additional \$40,000 in 2009. In addition, upon joining the Board, non-employee directors receive immediately vested options to purchase 20,000 shares of our Class A Stock at an exercise price equal to the market price of the stock at the date of grant.

Board Committees and Corporate Governance

Our Board of Directors has standing Executive, Audit and Conflicts, and Compensation and Stock Options Committees. These committees are discussed in greater detail below. Our Board of Directors does not have a nominating committee. Typically, nominations are suggested to our Board of Directors by our Chairman and Chief Executive Officer and controlling stockholder, Mr. Cotter.

Because Mr. Cotter owns a majority of our Class B Stock, our Board of Directors has determined that our company satisfies the criteria for a “Controlled Company” under section 5615(c)(1) of the listing rules of The NASDAQ Capital Stock Market (the “NASDAQ Rules”). After reviewing the benefits and detriments of taking advantage of the exceptions to the corporate governance rules set forth in section 5605 of the NASDAQ Rules, our Board of Directors in 2009 unanimously determined to take advantage of all of the exceptions from the NASDAQ Rules afforded to us as a Controlled Company.

Among the exceptions afforded to Controlled Companies is an exception from the requirement that we have an independent nominating committee or independent nominating process. It was noted by our directors that the use of an independent nominating committee or independent nominating process would be of limited utility, since any nominee would need to be acceptable to Mr. Cotter as our controlling stockholder. Mr. Cotter, as the holder of a majority of the voting power of our company, is able to unilaterally elect candidates to our Board of Directors at our annual meeting or any other meeting where our directors are to be elected. Historically, Mr. Cotter has identified and selected nominees to our Board of Directors in consultation with our other incumbent directors.

Our Board of Directors does not have a formal written policy with respect to the consideration of director candidates recommended by our stockholders. No stockholder has, in more than the past ten years, made any proposal or recommendation to the Board as to potential nominees, nor has Mr. Cotter ever proposed, in the time he has been our principal or controlling stockholder, any nominee that our remaining directors have found to be unacceptable. Furthermore, except for the notice requirement described in the succeeding paragraph below, neither our governing documents nor applicable Nevada law place any restriction on the nomination of candidates for election to our Board of Directors directly by our stockholders. In light of the facts that (i) we are a Controlled Company under the NASDAQ Rules and exempted from the requirements for an independent nominating process and (ii) our governing documents and Nevada law place no limitation upon the direct nomination of director candidates by our stockholders, our Board of Directors believes there is no need for a formal policy with respect to director nominations.

Our Board of Directors will consider nominations from our stockholders, provided written notice is delivered to our Secretary at our principal executive offices not less than 120 days prior to the first anniversary of the immediately preceding annual meeting of our stockholders at which directors are elected, or such earlier date as may be reasonable in the event that our annual stockholders meeting is moved forward. Such written notice must set forth the name, age, address, and principal occupation or employment of such nominee, the number of shares of our common stock that are beneficially owned by such nominee, and such other information required by the proxy rules of the SEC with respect to a nominee of our Board of Directors.

Alternatively, under our governing documents and applicable Nevada Law, nominations may be made directly by stockholders from the floor of any meeting at which directors are to be elected. See also, the material set forth below under the caption “Stockholder Proposals and Director Nominations,” below.

Our directors have not adopted any formal criteria with respect to the qualifications required to be a director or the particular skills that should be represented on our Board of Directors, other than the need to have at least one director and member of our Audit and Compensation Committee who qualifies as an “audit committee financial expert,” and has not historically retained any third party to identify or evaluate or to assist in identifying or evaluating potential nominees. We do not have a policy to consider diversity in identifying director nominees.

All of the current nominees are incumbent directors who originally were recommended by Mr. Cotter. No other recommendations were received by us with respect to possible nominees to our Board of Directors of directors.

The same person, Mr. Cotter, Sr., serves as both our principal executive officer and as the chairman of the Board of Directors. We believe this leadership structure is beneficial because of the efficiency of having these roles combined, and because the firsthand knowledge of our business operations that our Chairman possesses as CEO better equips our entire board in their decision making. We do not have a lead independent director. Our Board of Directors effectively oversees risk by having an Audit and Conflicts Committee consisting only of independent directors. Our Board of Directors also administers its risk oversight function by having a majority of independent directors who review the reports of management at regular Board meetings.

We encourage, but do not require, our Board members to attend our Annual Meeting of Stockholders. All of our incumbent directors attended last year’s annual meeting.

Executive Committee

We have a standing Executive Committee comprised of Messrs. Cotter, Laheney and Villaseñor that is authorized, to the fullest extent permitted by Nevada law, to take action on matters between meetings of the full Board of Directors. In recent years, this Committee has not been used, and with the exception of matters delegated to the Audit and Conflicts Committee or the Compensation and Stock Options Committee, all matters requiring Board approval have been considered by the entire Board of Directors.

Audit and Conflicts Committee; Audit Committee Report

Our Board of Directors maintains a standing Audit and Conflicts Committee, which we refer to as the Audit Committee. The Audit Committee operates under a Charter adopted by the Board of Directors, which is available on our website at www.readingrdi.com. Our Board of Directors has determined that the Audit Committee is comprised entirely of independent directors, (as defined in section 5605(a)(2) of the NASDAQ Rules), and that Mr. Barr, the Chairman of our Audit Committee, is qualified as an Audit Committee Financial Expert. With respect to our fiscal year ended December 31, 2009, our Audit and Conflicts Committee was comprised of Messrs. Barr, Kane and Laheney.

Set forth below is the Audit Committee Report.

The following is the report of the Audit Committee of our Board of Directors with respect to our audited financial statements for the fiscal year ended December 31, 2009.

The information contained in this report shall not be deemed to be “soliciting material” or “filed” with the SEC or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Exchange Act.

Composition of Audit Committee

The Audit Committee of our Board of Directors is composed of the directors named below. Each member of the Audit Committee meets the independence requirements under applicable SEC rules and NASDAQ Stock Market listing standards.

In addition, our Board of Directors has determined that Mr. Barr is an “audit committee financial expert” as defined by SEC rules.

The purpose of the Audit Committee is to assist the Board in its general oversight of our financial reporting, internal controls and audit functions. The Audit Committee operates under a written Charter adopted by our Board of Directors. The Charter is reviewed periodically and subject to change, as appropriate. The Audit Committee Charter describes in greater detail the full responsibilities of the Committee.

In this context, the Audit Committee has reviewed and discussed the Company’s audited financial statements with management and Deloitte & Touche, LLP, our independent auditors. Management is responsible for the preparation, presentation and integrity of our financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of disclosure controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. Deloitte & Touche, LLP is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America, as well as expressing an opinion on (i) management’s assessment of the effectiveness of internal control over financial reporting and (ii) the effectiveness of internal control over financial reporting.

The Audit Committee also has discussed with Deloitte & Touche, LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, “Communication with Audit Committees” and PCAOB Auditing Standard No. 2, “An Audit of Internal Control Over Financial Reporting Performed in Conjunction with an Audit of Financial Statements.” In addition, Deloitte & Touche, LLP has provided the Audit Committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, as amended, “Independence Discussions with Audit Committees,” and the Audit Committee has discussed with Deloitte & Touche, LLP their firm’s independence.

Based on their review of the consolidated financial statements and discussions with and representations from management and Deloitte & Touche, LLP referred to above, the Audit Committee recommended to our Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for fiscal year 2009, for filing with the SEC.

Respectfully submitted by the Audit Committee.

Eric Barr, Chairman
Edward L. Kane
Gerard P. Laheney

Compensation and Stock Options Committee

Our Board of Directors has a standing Compensation and Stock Options Committee, which we refer to as our Compensation Committee, comprised of two or more of our independent directors. The current Compensation Committee members are Alfred Villaseñor, William D. Gould and Gerard P. Laheney. Mr. Villaseñor serves as Chairman of the Compensation Committee.

The Compensation Committee evaluates and makes recommendations to the full Board of Directors regarding the compensation of our Chief Executive Officer, James J. Cotter, and that of any Cotter family members and generally oversees our executive compensation programs. The Compensation Committee Report is shown below under the heading, "Compensation Committee Report."

Vote Required; Recommendation of the Board

The eight nominees receiving the greatest number of votes cast at the Annual Meeting will be elected to the Board of Directors. Mr. Cotter has advised us that he intends to vote his shares of Class B Stock in favor of each of our nominees. Since Mr. Cotter owns a majority of the outstanding Class B Stock, if he votes his shares as he has advised, then the nominees will be elected whether or not they receive the votes of any other stockholders.

THE BOARD RECOMMENDS A VOTE "FOR" EACH OF THE NOMINEES.

COMPENSATION DISCUSSION AND ANALYSIS

Role and Authority of the Compensation Committee

The Board of Directors of our company has established a standing Compensation and Stock Options Committee, which we refer to in this section as the “Compensation Committee” or the “Committee,” consisting of two or more of our non-employee directors. As a Controlled Company within the meaning of the NASDAQ Rules, we are exempt from the NASDAQ Rules regarding the determination of executive compensation. The Compensation Committee has no formal charter, and acts pursuant to the general authority delegated to the Committee by our Board of Directors at the time it established the Compensation Committee and any specific authority delegated by our Board from time to time.

Generally speaking, the Compensation Committee has advisory authority only with respect to the compensation of our Chief Executive Officer and other named executive officers. The final authority to make compensation decisions rests with our Board of Directors.

Throughout this proxy section, the individuals named in the Summary Compensation Table below are referred to as “named executive officers.”

Compensation Objectives and Policies

The principal objectives of our executive compensation program are to:

- attract and retain talented executives;
- reward executives appropriately for their individual efforts and job performance; and
- afford executives appropriate incentives to achieve the short-term and long-term business objectives established by management and our Board of Directors.

Our general policies for achieving these objectives are that the total compensation paid to our named executive officers:

- should be fair to us and to the named executive officers;

- reasonable in nature and amount; and
- competitive with market compensation rates.

With certain exceptions, our company's compensation policies are not related specifically to our company's performance, which is just one of the factors considered by us and our Compensation Committee in establishing base salaries and awarding discretionary compensation. We have not established any policy regarding recoupment, or "clawback," of any performance-based compensation in the event our company's historical performance is subsequently revised or restated in a way that would have produced a lower compensation amount. We also have not relied upon wealth accumulation analyses, or "tally sheets," or internal pay equity analyses in making executive compensation decisions. These policies remained in place throughout 2009, and we expect to continue to follow the same for the foreseeable future.

Role of Compensation Consultant

In 2004, our company retained Towers Perrin, executive compensation consultants, to perform an analysis of our Chief Executive Officer's compensation compared to a peer group of companies. In consultation with our management, including Mr. Cotter, our Chairman and Chief Executive Officer, Towers Perrin identified a peer group of companies in the real estate investment trust and cinema exhibition industries, the two principal lines of business of our company. Based upon Towers Perrin's review, the Compensation Committee determined that Mr. Cotter's total direct compensation, consisting of base salary, most recent bonus paid, and annualized expected value of long-term incentive compensation, should fall within the 66th percentile among the peer group.

The Compensation Committee has periodically requested new assessments from Towers Perrin for the purpose of benchmarking Mr. Cotter's compensation. In April 2009, Towers Perrin reassessed Mr. Cotter's total direct compensation compared to a peer group of seventeen companies in a primary peer group and an exhibition peer group. The primary peer companies comprise twelve companies selected by Towers Perrin based on market value, industry, and business description. The exhibition peer companies comprise five companies identified by our management, including Mr. Cotter. The following is a list of the peer companies used in this assessment (which excludes one company that filed for Chapter 11 bankruptcy):

| | |
|--------------------------------|--------------------------------------|
| Acadia Realty Trust | LTC Properties Inc |
| Agree Realty Corp | Marcus Corp (The) |
| AMC Entertainment Inc. | Monmouth Real Estate Investment Corp |
| Associated Estates Realty Corp | Omega Healthcare Investors Inc. |
| Bluegreen Corp | Orleans Homebuilders Inc. |
| Bresler & Reiner Inc | Ramco-Gershenson Properties Trust |
| Carmike Cinemas Inc | Regal Entertainment Group |
| Imax Corp | Urstadt Biddle Properties Inc. |

Towers Perrin determined predicted pay levels of the peer group for 2009 using regression analysis to adjust pay data based on estimated annual reviews of \$191,000,000. Using Towers Perrin's assessment, the Compensation Committee decided to maintain Mr. Cotter's total direct compensation at or about the 66th percentile among the peer group of companies. As a result, the Compensation Committee maintained Mr. Cotter's annual base salary of \$500,000 and target cash bonus and target stock bonus of \$500,000 each for 2009, which were the same as for 2008.

Role of Executive Officers in Compensation Decisions

The Compensation Committee recommends to our full Board of Directors for its determination all compensation decisions relating to Mr. Cotter, as well as Mr. Cotter's family members who serve as officers or directors of our company. Decisions regarding the compensation of our other named executive officers are made by Mr. Cotter in consultation with our Compensation Committee. Mr. Cotter also recommends to our Board of Directors for its determination the compensation of non-employee directors. Annual director fees are reviewed from time to time and adjusted periodically based primarily on market considerations. We also review and adjust periodically the fees we pay to directors for any special services provided by them.

The Compensation Committee and Mr. Cotter review at least annually the performance of each named executive officer (other than Mr. Cotter, whose performance may be reviewed less frequently and only by the Compensation Committee). Mr. Cotter, personally, assesses the performance of our named executive officers and their base salaries, cash bonuses, and any stock-based compensation, which is based largely on subjective factors. Mr. Cotter then presents to the Committee his conclusions and recommendations, including with respect to salary adjustments and annual discretionary cash bonuses and other awards. The Compensation Committee may suggest its own modifications to Mr. Cotter's proposals, and Mr. Cotter's conclusions regarding the compensation of our other named executive officers are subject to the final oversight authority of our Board of Directors.

Mr. Cotter sometimes attends the Compensation Committee meetings, but did not do so in 2009. Andrzej Matyczynski, our Chief Financial Officer, attended all of the Compensation Committee meetings in 2009. The Compensation Committee occasionally meets in executive session without the presence or participation of any members of management, but did not do so in 2009. Before recommending any changes to Mr. Cotter's compensation or that of his family members who serve as officers or directors, the Compensation Committee typically discusses the proposed changes with Mr. Cotter.

Setting Executive Compensation

John Hunter, our Chief Operating Officer, and Mr. Matyczynski have written employment agreements with our company that provide for a specified annual base salary and other compensation to them. Each of the other named executive officers other than Mr. Cotter receives a base annual salary that was originally established by negotiation between our company and the executive when he or she joined our company. These base salaries may be adjusted periodically, based primarily upon the recommendations of the Compensation Committee, Mr. Cotter, and other senior management, and upon other factors, including market and competitive factors.

The Compensation Committee is not authorized generally to retain its own independent advisors to assist in carrying out its responsibilities. From time to time, however, our company and the Compensation Committee have relied upon outside compensation consultants retained by our company as discussed above.

We have no pre-established policy or target for allocating total executive compensation between base and discretionary or incentive compensation, or between cash and stock-based incentive compensation. Historically, including in 2009, a majority of total compensation to our named executive officers was in the form of annual base salaries and discretionary cash bonuses.

2009 Executive Compensation Components

For 2009, the principal components of compensation for our named executive officers were:

- annual base salary;
- annual cash bonuses; and
- annual stock awards.

Base Salary

We provide our named executive officers with base salaries to compensate them for services rendered during the fiscal year in the ordinary course of performing their job responsibilities. We determine base salaries for named executive officers primarily based on:

- the negotiated terms of each executive's employment agreement or original terms of employment;
- the individual's position and level of responsibility with our company;
- periodic review of the executive's compensation, both individually and relative to other named executive officers; and
- a subjective evaluation of individual job performance of the executive.

Salary levels are typically considered periodically, as part of our performance review process, as well as upon any change in job responsibility. Merit-based increases or other changes to salaries also are determined at that time, based on the Compensation Committee's discussions with Mr. Cotter and Ellen Cotter in the cases of their respective salaries, or based on Mr. Cotter's own assessment in the cases of our other officers.

The Compensation Committee approved an annual base salary for Mr. Cotter of \$500,000 for 2009. Mr. Matyczynski's annual base salary increased from \$276,000 in 2008 to \$300,000 in 2009. Ms. Ellen Cotter's annual base salary increased from \$225,000 in 2008 to \$275,000 in 2009. The base salaries of the remaining named executive officers remained unchanged from 2008 to 2009.

Cash Bonuses

We supplement the base salaries of Mr. Cotter and our other named executive officers with periodic cash bonuses in recognition of individual performance and predicated on, among other things, the overall financial performance of our company. Unless and until any specified bonus criteria are established, the bonuses are entirely discretionary on the part of any company. These bonuses are made in recognition of individual contributions, and are determined based upon such factors as the level of the executive's responsibilities, the efficiency and effectiveness with which he or she oversees the matters under his or her supervision, and the degree to which the officer has contributed to the accomplishment of major tasks that advance the company's goals. Except in Mr. Cotter's case, we generally assign no particular weighting to individual performance versus the achievement of the company's objectives. Due to the discretionary nature of the bonuses, generally, and the uncertainty that any established bonus criteria will actually be achieved, we deem these bonuses as earned compensation once they are approved for payment by management or, in the case of Mr. Cotter, by our Compensation Committee.

In establishing annual bonus criteria, the Compensation Committee considers whether the criteria could possibly result in an incentive for any executives to take unwarranted risks in our company's business and generally seeks to avoid creating any such incentives.

The Compensation Committee set Mr. Cotter's maximum cash bonus for 2009 at \$500,000 and established eleven specific cash bonus criteria, which, if accomplished, would entitle Mr. Cotter to a specific cash bonus amount of from \$50,000 to \$100,000 depending on the particular criterion. The criteria included (1) compliance by our company as of December 31, 2009 with the financial and other covenants contained in its credit facilities, (2) the achievement by our Australian theatres of same theater-level cash flow of 30% or more than 2008 cash flow, (3) the achievement by our largest New Zealand property of cash flow 10% higher than cash flow in 2008, (4) the achievement by our U.S. theaters (other than newly acquired theaters) of cash flow at least equal to 2008 cash flow, (5) the achievement by our newly acquired theaters of theater-level cash flow for the ten months ended December 31, 2009 at least equal to the cash flow for the same period in 2008, (6) the achievement of targeted reductions in general and administrative expenses, including salary expenses, (7) an increase in our Class A Stock trading price to at least \$5.00 as of December 31, 2009, (8) the acquisition or development of at least seven additional theaters by December 31, 2009, and (8) our completion of at least \$20,000,000 in capital-raising. The Committee determined that enough of these criteria were met to warrant awarding to Mr. Cotter the full target bonus amount of \$500,000 for 2009.

Due to the global economic recession, in 2008 our company suspended discretionary cash bonuses for our other named executive officers. Except as provided in any employment agreement with our named executive officers, additional compensation in excess of base salary, whether in the form of cash bonuses or stock-based awards, is awarded entirely on a discretionary basis.

Stock-Based Awards

Historically, we have relied upon periodic awards of stock-based compensation to link the executives' long-term compensation to appreciation in stockholder value over time. Initial stock-based awards are made at the time of hire of named executive officers. We may award restricted stock in lieu of stock options where appropriate, because of the relative advantages to the recipient of restricted stock as compared to stock options and the elimination of beneficial accounting treatment previously given to stock options. We may also continue to grant stock options from time to time, although we did not grant any stock options to named executive officers in 2009.

During 2009, we awarded Mr. Cotter the right to receive \$500,000 of stock-based compensation in the form of Class A shares valued at \$3.97 per share, or, at Mr. Cotter's election, Class B shares valued at \$7.78 per share, which corresponded to the market prices of our shares at August 19, 2009. The award was made subject to Mr. Cotter remaining in our company's employ as of December 31, 2009. Mr. Cotter elected to receive Class A shares, which vested as of December 31, 2009.

Ownership Guidelines

We have no requirement that each named executive officer maintain any specific ownership interest in our company.

Awards of stock-based compensation are determined based primarily on negotiations with our named executive officers at the time of their hire or thereafter, and vary among the named executive officers based on their positions within our company. Newly hired executive officers who are to receive stock options or restricted stock are awarded such options or restricted stock at their hire date.

It is generally our policy to award stock options and restricted stock at the closing price of our common stock as reported on the NASDAQ Capital Market on the date the award is approved by our Compensation Committee or our Board of Directors, or on the date of hire, if the stock is granted as a recruitment incentive. When stock is granted as bonus compensation for a particular transaction, we sometimes value the stock based on the market price on a date calculated from the closing date of the relevant transaction. In some instances, we value restricted stock on another date that is set by our Compensation Committee or our Board of Directors. In early 2009, for example, the Compensation Committee determined that the \$500,000 stock bonus to Mr. Cotter for 2008 would be valued based on the market price of our Class A shares as of August 31, 2008, which was the date we agreed to the award. In some circumstances, we may grant options to a named executive officer at an exercise price in excess of the closing price of our common stock on the award date. We have never granted options with an exercise price that is less than the fair market value of our common stock on the award or hire date.

Most stock options that we grant are subject to vesting at a rate of 25% to 50% per year and have a ten-year option term. Vesting and exercise rights generally cease upon termination of employment, except in the case of fully vested options, which may be exercised within 90 days of the termination date (or any such other period as may be prescribed by the Compensation Committee). Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents.

Restricted stock awarded by us generally is subject to forfeiture unless the recipient remains in our employ for a specified period of time, typically one to two years. The holder of the restricted stock is entitled to all rights of a stockholder immediately upon issuance of the restricted stock and so long as the restricted stock has not been forfeited.

Other Policies

We have no program, practice or plan to grant stock-based compensation to our named executive officers, including new executive officers, in coordination with the release of material nonpublic information. We also have not timed the release of material nonpublic information for the purpose of affecting the value of stock-based compensation to our named executive officers, and we have no plan to do so.

Except as described above with respect to Mr. Cotter's total annual compensation compared to the total annual compensation of chief executive officers at a peer group of companies, the Compensation Committee does not attempt to establish or measure executive compensation against any benchmarks.

We have not had occasion to restate our company's historical financial statements, and we have not established any policy regarding the adjustment or recovery of compensation payments or awards if any performance measures upon which such payments or awards are based are subsequently restated or adjusted.

Generally speaking, we have not taken into consideration any amounts realized by our named executive officers from prior stock option or stock awards in determining whether to grant new stock options or stock awards or, in the cases of Mr. Cotter and Mr. Hunter, the establishment of their Supplemental Executive Retirement Plan and unfunded pension benefit, respectively.

Compensation of Chief Executive Officer

As discussed above, the Compensation Committee determined that Mr. Cotter's total direct annual compensation, consisting of base salary, cash bonus most recently paid, and annualized expected value of long-term incentive compensation, generally should fall at or about the 66th percentile among chief executive officers of the selected peer group. Towers Perrin's assessment in 2009 showed that, based on predicted pay levels using a regression analysis to adjust pay data based on estimated annual revenues of \$191,000,000, the 66th percentile consisted of an annual base salary of \$520,000, a cash bonus of \$323,000, and long-term incentives of \$793,000, for total direct annual compensation of \$1,636,000. The Compensation Committee approved total direct compensation for Mr. Cotter of \$1,500,000 for 2009, the same as in 2008, which is about 8% below the 66th percentile among the peer group used by the Compensation Committee.

The Compensation Committee sets the criteria for Mr. Cotter's annual discretionary bonus in consultation with our Chief Financial Officer, Mr. Matyczynski. The criteria are based on specific business objectives of our company for the ensuing year. The Compensation Committee also assigns a target value to each of those criteria, which together add up to the maximum possible bonus amount, or more. The specific bonus criteria for 2009 and the Compensation Committee's determinations are described above under "Discretionary Cash Bonuses."

For 2009, Mr. Cotter received \$500,000 of our Class A shares valued as of the \$3.97 closing price of our Class A shares as reported on the NASDAQ Capital Market on August 19, 2009. The details of this grant and its restrictions are described above under "Stock-Based Awards."

Severance and Change-of-Control Arrangements

We have severance arrangements with some of our named executive officers other than Mr. Cotter. The main purpose of these agreements is to protect the company from business risks such as competition for the executives' service, loss of confidentiality or trade secrets, and solicitation of our other employees, and to define our right to terminate the employment relationship. The employment agreements also protect the executive from termination without "cause." Each arrangement was individually negotiated, so there are some variations in the terms among executive officers. Generally speaking, however, the arrangements provide for termination and severance benefits that the Compensation Committee believes are consistent with industry practices for similarly situated executives. The Compensation Committee believes that the termination and severance benefits help the company retain the named executive officers by providing them with a competitive employment arrangement and protection against unknowns such as termination without "cause" that go along with the position. We currently have no agreements that provide for payments to our named executive officers upon a change in control of our company, except that we generally make awards of stock options and restricted stock subject to vesting, in full, upon a change of control.

Information regarding applicable severance payments under agreements for the named executive officers is provided under the heading "Payments Upon Termination or Change in Control," below.

Retirement and Other Benefits

Reading International, Inc. 401(k) Plan

We provide all of our employees, including Mr. Cotter and our other named executive officers a retirement savings plan qualified under Internal Revenue Code section 401(k). To be eligible to participate, employees must have completed four months of employment, and must be over 21 years of age. Employees choosing to participate can make contributions to their plan account on a pre-tax basis up to the maximum annual amount permitted by IRS rulings. The Company usually matches employee contributions dollar-for-dollar up to 3% of employee wages, then 50 cents per dollar between 3% and 5% of employee wages.

Supplemental Executive Retirement Plan

In March 2007, our Board of Directors approved a Supplemental Executive Retirement Plan (“SERP”) pursuant to which we agreed to provide Mr. Cotter supplemental retirement benefits to reward him for his more than 15 years of service to our company and its predecessors. Under the SERP, following his separation from our company, Mr. Cotter will be entitled to receive from our company for the remainder of his life (with a guaranteed minimum of 180 monthly payments) a monthly payment of the greater of (i) 40% of his average monthly base salary and cash bonuses over the highest consecutive 36-month period of earnings prior to Mr. Cotter’s separation from service with us or (ii) \$25,000. The beneficiaries under the SERP may be designated by Mr. Cotter or by his beneficiary following his or his beneficiary’s death. The benefits under the SERP are fully vested.

The SERP currently is unfunded and, as such, the SERP benefits are unsecured, general obligations of our company. We may choose in the future to establish one or more grantor trusts from which to pay the SERP benefits. The SERP is administered by the Compensation Committee.

Other Retirement Plans

Mr. Hunter has an unfunded pension benefit that vests on the following dates, assuming he remains in our continuous employment through such dates:

| February 12 | Amount |
|-------------|--------------|
| 2011 | \$ 400,000 |
| 2015 | \$ 800,000 |
| 2017 | \$ 1,000,000 |
| 2020 | \$ 2,000,000 |

The greatest vested amount above is to be paid to Mr. Hunter in a lump sum on the date he ceases employment with the company.

We currently maintain no other retirement plan for our named executive officers or other employees.

Perquisites and Other Personal Benefits

We offer a number of other benefits to the named executive officers pursuant to benefits programs that provide for broad-based employee participation. The named executive officers are eligible to participate on the same basis as other U.S. employees in these benefits programs, which include:

- medical, dental and vision insurance;
- long-term and short-term disability insurance;
- life and accidental death and dismemberment insurance;
- health and dependent care flexible spending accounts; and
- certain other benefits.

In addition, we provide Mr. Cotter with perquisites and other personal benefits, including a company car and personal use of a condominium owned by the company. Some of our other named executive officers also receive allowances for automobiles. We periodically review the levels of perquisites and other personal benefits provided to our named executive officers. Any perquisites and other personal benefits to Mr. Cotter not shared by our other named executive officers are reviewed and approved by our Audit and Conflicts Committee as related-person transactions.

The aggregate incremental cost to the company of the personal benefits described above for the named executive officers for the fiscal year ended December 31, 2009 are included in the column “All Other Compensation” of the “Summary Compensation Table,” below.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Subject to an exception for “performance-based compensation,” Section 162(m) of the Internal Revenue Code generally prohibits corporations from deducting for federal income tax purposes annual compensation paid to any senior executive officer to the extent that such annual compensation exceeds \$1,000,000. The Compensation Committee and our Board of Directors consider the limits on deductibility under Section 162(m) in establishing executive compensation, but retain the discretion to authorize the payment of compensation that exceeds the limit on deductibility under this Section.

Nonqualified Deferred Compensation

We believe we are operating, where applicable, in compliance with the tax rules applicable to nonqualified deferred compensation arrangements.

Accounting for Stock-Based Compensation

Beginning on January 1, 2006, we began accounting for stock-based payments in accordance with the requirements of Statement of Accounting Standards No. 123(R). Our decisions to award restricted stock to Messrs. Cotter, Hunter, and Matyczynski were based in part upon the change in accounting treatment for stock options. Accounting treatment otherwise has had no significant effect on our compensation decisions.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the “Compensation Discussion and Analysis” required by Item 401(b) of Regulation S-K and, based on such review and discussions, has recommended to our Board of Directors that the foregoing “Compensation Discussion and Analysis” be included in this Proxy Statement.

The value of these shares is based on the market price on March 24, 2008, which was 30 days after the closing date of the transaction. Additionally, we granted Mr. Matyczynski the option to receive either \$25,000 of cash or \$50,000 of Class A shares valued at \$8.34 per share as a bonus for completing our trust preferred securities transaction. John Hunter. Under the terms of his employment, Mr. Hunter is entitled to a severance payment equal to his annual base salary if the company terminates his employment for any reason before February 12, 2011. If the company terminates his employment for any reason on February 12, 2011 or later, Mr. Hunter is entitled to a severance payment of 50% of his annual base salary.

No other named executive officers have termination benefits in their employment agreements. None of our employment agreements with our named executive officers have provisions relating to change in control.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The current members of our Compensation Committee are Alfred Villaseñor, Chairman, William D. Gould, and Gerard P. Laheney. There are no "interlocks," as defined by the SEC, with respect to any member of our Compensation Committee.

CERTAIN TRANSACTIONS AND RELATED PARTY TRANSACTIONS

The members of our Conflicts Committee are Eric Barr, Chairman, Edward L. Kane, and Gerard P. Laheney. Management presents all potential related party transactions to the Conflicts Committee for review. Our Conflicts Committee reviews whether a given related party transaction is beneficial to our Company, and approves or bars the transaction after a thorough analysis. Only Committee members disinterested in the transaction in question participate in the determination of whether the transaction may proceed.

Sutton Hill Capital

In 2001, we entered into a transaction with Sutton Hill Capital, LLC (“SHC”) regarding the leasing with an option to purchase of certain cinemas located in Manhattan. In connection with that transaction, we also agreed to lend certain amounts to SHC, to provide liquidity in its investment, pending our determination whether or not to exercise our option to purchase and to manage the 86th Street Cinema on a fee basis. SHC is a limited liability company owned in equal shares by James J. Cotter and Michael Forman and of which Mr. Cotter is the managing member. During 2009, 2008, and 2007, we paid rent to SHC in the amount of \$487,000, \$487,000 and \$491,000, respectively, and we owed SHC \$5.0 million (due December 31, 2010) with respect to the borrowing used principally to finance the acquisition of our interest in the limited liability company currently developing the Sutton Cinema site and \$9.0 million on the Purchase Money Promissory Note (due December 31, 2010), for an aggregate liability of \$14.0 million.

In 2005, we acquired from a third party the fee interest and from SHC its interest in the ground lease estate underlying the Cinemas 1, 2 & 3 in Manhattan. In connection with that transaction, we agreed to grant to SHC an option to acquire a 25% interest in the special purpose entity formed to acquire these interests at cost. On June 28, 2007, SHC exercised this option, paying the option exercise price through the application of their \$3.0 million deposit plus the assumption of its proportionate share of SHP’s liabilities giving it a 25% non-managing membership interest in SHP.

OBI Management Agreement

Pursuant to a Theater Management Agreement (the “Management Agreement”), our live theater operations are managed by OBI, LLC (“OBI Management”), which is wholly owned by Ms. Margaret Cotter who is the daughter of James J. Cotter and a member of our Board of Directors.

The Management Agreement generally provides that we will pay OBI Management a combination of fixed and incentive fees, which historically have equated to approximately 20% of the net cash flow received by us from our live theaters in New York. Since the fixed fees are applicable only during such periods as the New York theaters are booked, OBI Management receives no compensation with respect to a theater at any time when it is not generating revenue for us. This arrangement provides an incentive to OBI Management to keep the theaters booked with the best available shows, and mitigates the negative cash flow that would result from having an empty theater. In addition, OBI Management manages our Royal George live theater complex in Chicago on a fee basis based on theater cash flow. In 2009, OBI Management earned \$325,000, which was 28.3% of net cash flows for the year. In 2008, OBI Management earned \$428,000, which was 23.8% of net cash flows for the year. In 2007, OBI Management earned \$377,000, which was 19.9% of net cash flows for the year. In each year, we reimbursed travel related expenses for OBI Management personnel with respect to travel between New York City and Chicago in connection with the management of the Royal George complex.

OBI Management conducts its operations from our office facilities on a rent-free basis, and we share the cost of one administrative employee of OBI Management. Other than these expenses and travel-related expenses for OBI Management personnel to travel to Chicago as referred to above, OBI Management is responsible for all of its costs and expenses related to the performance of its management functions. The Management Agreement renews automatically each year unless either party gives at least six months’ prior notice of its determination to allow the Management Agreement to expire. In addition, we may terminate the Management Agreement at any time for cause.

Live Theater Play Investment

From time to time, our officers and directors may invest in plays that lease our live theaters. During 2004, an affiliate of Mr. James J. Cotter and Michael Forman have a 25% investment in the play, I Love You, You're Perfect, Now Change, playing in one of our auditoriums at our Royal George Theatre until March 2006. We similarly had a 25% investment in the play. The play has earned for us \$0, \$2,000, and, \$27,000 during the years ended December 31, 2009, 2008 and 2007, respectively. This investment received Board approval from our Conflicts Committee on August 12, 2002.

During 2008, we had a 37.4% investment in a show that played at our Minetta Lane Theatre from February to July 2008. The operations from the play resulted in a net loss to us of \$304,000. No changes to this investment were recorded during 2009.

The play STOMP has been playing in our Orpheum Theatre since prior to the time we acquired the theater in 2001. Messrs. James J. Cotter and Michael Forman own an approximately 5% interest in that play, an interest that they have held since prior to our acquisition of the theater.

Certain Family Relationships

Mr. Cotter, our controlling stockholder, has advised the Board of Directors that he considers his holdings in our company to be long-term investments to be passed onto his heirs. The Directors believe that it is in the best interests of our company and our stockholders for his heirs to become experienced in our operations and affairs. Accordingly, all of Mr. Cotter's children are currently involved with our company.

If we do not receive timely notice of a stockholder proposal, the proxies that we hold may confer discretionary authority to vote against such stockholder proposal, even though such proposal is not discussed in our Proxy Statement for that meeting.

- (b) **Powers of Board.** The Board shall have the power, subject to, and within the limitations of, the express provisions of the Plan:
 - (i) To determine from time to time who, among the persons eligible under the Plan, shall be granted Stock Awards; when and how each Stock Award shall be granted; what type or combination of types of Stock Award shall be granted; the number of shares of Common Stock with respect to which a Stock Award shall be granted; and the other terms and provisions of each Stock Award granted (which need not be identical).
 - (ii) To reprice any outstanding Stock Awards under the Plan, cancel and re-grant any outstanding Stock Awards under the Plan and effect any other action that is treated as a repricing for financial accounting purposes.

- (iii) To construe and interpret the Plan and all Stock Awards, and to establish, amend and revoke rules and regulations for the Plan's administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan or in any Stock Award Agreement, in a manner and to the extent it shall deem necessary or expedient to make the Plan fully effective.
 - (iv) To amend the Plan or a Stock Award as provided in Section 12.
 - (v) To terminate or suspend the Plan as provided in Section 13.
 - (vi) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company.
- (c) **Delegation to Committee.**
- (i) **General.** The Board may delegate administration of the Plan to a Committee of one or more Directors, and the term "Committee" shall apply to any Director or Directors to whom such authority has been delegated. If administration is delegated to a Committee, the Committee shall have, in connection with the administration of the Plan, all of the powers theretofore possessed by the Board, including the power to delegate nondiscretionary administrative duties to such employees of the Company as the Committee deems proper (and references in this Plan to the Board shall thereafter be to the Committee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may abolish the Committee at any time and restore to the Board the administration of the Plan.
 - (ii) **Committee Composition.** In the discretion of the Board, the Committee may consist solely of two or more Outside Directors or two or more Non-Employee Directors. Within the scope of the Committee's delegated authority, the Committee may delegate to the Chairman of the Board the authority to grant Stock Awards to eligible persons who are not (a) then Covered Employees and are not expected to be Covered Employees at the time of recognition of income resulting from such Stock Award or (b) persons with respect to whom the Company wishes to comply with Section 162(m) of the Code or (c) persons who are then subject to Section 16 of the Exchange Act.
- (d) **Effect of Board's Decision.** All determinations, interpretations and constructions made by the Board in good faith shall not be subject to review by any person and shall be final, binding and conclusive on all persons.

4. SHARES SUBJECT TO THE PLAN.

- (a) **Share Reserve.** Subject to the provisions of subsection 11(a) relating to adjustments upon changes in Common Stock, the shares of Common Stock that may be issued pursuant to Stock Awards shall not exceed in the aggregate 1,250,000 shares of Common Stock. Subject to subsection 4(b), the number of shares available for issuance under the Plan shall be reduced by (i) one share for each share of Common Stock issued pursuant to a Stock Award granted under Section 6 or Section 7 and (ii) one share for each Common Stock equivalent subject to a stock appreciation right granted under subsection 7(c).

(b) **Reversion of Shares to the Share Reserve.**

- (i) **Shares Available For Subsequent Issuance.** If any (i) Stock Award shall for any reason expire or otherwise terminate, in whole or in part, without having been exercised or paid in full or (ii) shares of Common Stock issued to a Participant pursuant to a Stock Award are forfeited to or repurchased by the Company, including any repurchase or forfeiture caused by the failure to meet a contingency or condition required for the vesting of such shares, then the shares of Common Stock not issued under such Stock Award, or forfeited to or repurchased by the Company, shall revert to and again become available for issuance under the Plan.
- (ii) **Shares Not Available For Subsequent Issuance.** If any shares subject to a Stock Award are not delivered to a Participant because the Stock Award is exercised through a reduction of shares subject to the Stock Award (*i.e.*, a “net exercise”), the number of shares that are not delivered to the Participant shall no longer be available for issuance under the Plan. If any shares subject to a Stock Award are not delivered to a Participant because such shares are withheld in satisfaction of the withholding of taxes incurred in connection with the exercise of an Option or a SAR, or the issuance of shares under a stock bonus award or restricted stock award, the number of shares that are not delivered to the Participant shall no longer be available for subsequent issuance under the Plan.

(c) **Source of Shares.** The shares of Common Stock subject to the Plan may be unissued shares or treasury shares.

5. ELIGIBILITY.

- (a) **Eligibility for Specific Stock Awards.** Incentive Stock Options may be granted only to Employees. Stock Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants.
- (b) **Ten Percent Stockholders.** A Ten Percent Stockholder shall not be granted an Incentive Stock Option unless the exercise price of such Option is at least 110% of the Fair Market Value of the Common Stock at the date of grant and the Option is not exercisable after the expiration of five years from the date of grant.
- (c) **Section 162(m) Limitation.** Subject to the provisions of Section 11 relating to adjustments upon changes in the shares of Common Stock, no Employee shall be eligible to be granted Options covering more than 1,000,000 shares of Common Stock during any twelve-month period.
- (d) **Consultants.** A Consultant shall not be eligible for the grant of a Stock Award if, at the time of grant, a Form S-8 Registration Statement under the Securities Act (“Form S-8”) is not available to register either the offer or the sale of the Company’s securities to such Consultant because of the nature of the services that the Consultant is providing to the Company, or because the Consultant is not a natural person, or as otherwise provided by the rules governing the use of Form S-8, unless the Company determines both (i) that such grant (A) shall be registered in another manner under the Securities Act (e.g., on a Form S-3 Registration Statement) or (B) does not require registration under the Securities Act in order to comply with the requirements of the Securities Act, if applicable, and (ii) that such grant complies with the securities laws of all other relevant jurisdictions.

6. OPTION PROVISIONS.

- (a) **General.** Each Option shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. All Options shall be designated as Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for shares of Common Stock purchased on exercise of each type of Option. The provisions of separate Options need not be identical, but each Option shall include (through inclusion or incorporation by reference in the Option or otherwise) the substance of each of the following provisions:
- (i) **Term.** Subject to the provisions of subsection 5(b) regarding Ten Percent Stockholders, no Option shall be exercisable after the expiration of ten years from the date it was granted.
 - (ii) **Exercise Price of an Incentive Stock Option.** Subject to the provisions of subsection 5(b) regarding Ten Percent Stockholders, the exercise price of each Incentive Stock Option shall be not less than the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted.
 - (iii) **Exercise Price of a Nonstatutory Stock Option.** The exercise price of each Nonstatutory Stock Option shall be not less than the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted.
 - (iv) **Consideration.** The purchase price of Common Stock acquired pursuant to an Option shall be paid, to the extent permitted by applicable statutes and regulations, either (i) in cash at the time the Option is exercised or (ii) at the discretion of the Board (1) by delivery to the Company of other Common Stock; (2) according to a deferred payment or other similar arrangement with the Optionholder; (3) by a “net exercise” arrangement pursuant to which the Company will reduce the number of shares of Common Stock issued upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; *provided, however*, that the Company shall accept cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such holding back of whole shares; *provided, further, however*, that shares of Common Stock will no longer be outstanding under an Option to the extent that (i) shares are used to pay the exercise price pursuant to the “net exercise,” (ii) shares are delivered to the Participant as a result of such exercise, and (iii) shares are withheld to satisfy tax withholding obligations; (4) by means of so-called cashless exercises as permitted under applicable rules and regulations of the Securities and Exchange Commission and the Federal Reserve Board; or (5) in any other form of legal consideration that may be acceptable to the Board. Payment of the Common Stock’s par value, if any, shall not be made by deferred payment. In the case of any deferred payment arrangement, interest shall be compounded at least annually and shall be charged at the minimum rate of interest necessary to avoid (1) the treatment as interest, under any applicable provisions of the Code, of any amounts other than amounts stated to be interest under the deferred payment arrangement.
 - (v) **Transferability of an Incentive Stock Option.** An Incentive Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder. Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.

- (vi) **Transferability of a Nonstatutory Stock Option.** A Nonstatutory Stock Option shall be transferable to the extent provided in the Option Agreement. If the Nonstatutory Stock Option does not provide for transferability, then the Nonstatutory Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder. Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.
- (vii) **Vesting Generally.** The total number of shares of Common Stock subject to an Option may, but need not, vest and become exercisable in periodic installments that may, but need not, be equal. The Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options may vary. The provisions of this subsection 6(a)(vii) are subject to any Option provisions governing the minimum number of shares of Common Stock as to which an Option may be exercised.
- (viii) **Termination of Service.** In the event an Optionholder's Service terminates (other than upon the Optionholder's death or Disability), the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination) but only within such period of time ending on the earlier of (i) the date three months following the termination of the Optionholder's Service (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination, the Optionholder does not exercise his or her Option within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate.< /div>
- (ix) **Extension of Termination Date.** An Optionholder's Option Agreement may provide that, if the exercise of the Option following the termination of the Optionholder's Service (other than upon the Optionholder's death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option shall terminate on the earlier of (i) the expiration of the term of the Option set forth in the Option Agreement or (ii) the expiration of a period of three months after the termination of the Optionholder's Service during which the exercise of the Option would not be in violation of such registration requirements.
- (x) **Disability of Optionholder.** In the event that an Optionholder's Service terminates as a result of the Optionholder's Disability, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination), but only within such period of time ending on the earlier of (i) the date twelve months following such termination (or such longer or shorter period specified in the Option Agreement) or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination, the Optionholder does not exercise his or her Option within the time specified herein, the Option shall terminate.

- (xi) **Death of Optionholder.** In the event (i) an Optionholder's Service terminates as a result of the Optionholder's death or (ii) the Optionholder dies within the period (if any) specified in the Option Agreement after the termination of the Optionholder's Service for a reason other than death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated to exercise the Option upon the Optionholder's death pursuant to subsection 6(a)(v) or 6(a)(vi), but only within the period ending on the earlier of (1) the date twelve months following the date of death (or such longer or shorter period specified in the Option Agreement) or (2) the expiration of the term of such Option as set forth in the Option Agreement. If, after death, the Option is not exercised within the time specified herein, the Option shall terminate.

7. PROVISIONS OF STOCK AWARDS OTHER THAN OPTIONS.

- (a) **Stock Bonus Awards.** Each stock bonus agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of stock bonus agreements may change from time to time, and the terms and conditions of separate stock bonus agreements need not be identical, but each stock bonus agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:
- (i) **Consideration.** A stock bonus may be awarded in consideration for past services actually rendered to or for the benefit of the Company or an Affiliate.
 - (ii) **Vesting Generally.** Shares of Common Stock awarded under the stock bonus agreement may, but need not, be subject to a share repurchase option in favor of the Company in accordance with a vesting schedule to be determined by the Board. Notwithstanding the foregoing, unless the stock bonus agreement otherwise provides, all shares subject to the agreement shall become fully vested upon the occurrence of a Corporate Transaction.
 - (iii) **Termination of Service.** In the event a Participant's Service terminates, the Company may reacquire any or all of the shares of Common Stock held by the Participant which have not vested as of the date of termination under the terms of the stock bonus agreement. The Company will not exercise its repurchase option until at least six months (or such longer or shorter period of time required to avoid a change to earnings for financial accounting purposes) have elapsed following receipt of the stock bonus unless otherwise specifically provided in the stock bonus agreement.
 - (iv) **Transferability.** Rights to acquire shares of Common Stock under the stock bonus agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the stock bonus agreement, as the Board shall determine in its discretion, so long as Common Stock awarded under the stock bonus agreement remains subject to the terms of the stock bonus agreement.
- (b) **Restricted Stock Awards.** Each restricted stock purchase agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of the restricted stock purchase agreements may change from time to time, and the terms and conditions of separate restricted stock purchase agreements need not be identical, but each restricted stock purchase agreement shall include (through inclusion or incorporation by reference in the agreement or otherwise) the substance of each of the following provisions:

- (i) **Purchase Price.** The purchase price under each restricted stock purchase agreement shall be such amount as the Board shall determine and designate in such restricted stock purchase agreement. The purchase price shall not be less than the par value, if any, of the Common Stock on the date such award is made or at the time the purchase is consummated.
 - (ii) **Consideration.** The purchase price of Common Stock acquired pursuant to the restricted stock purchase agreement shall be paid either: (i) in cash at the time of purchase; (ii) at the discretion of the Board, according to a deferred payment or other similar arrangement with the Participant; or (iii) in any other form of legal consideration that may be acceptable to the Board in its discretion; *provided, however*, that payment of the Common Stock's par value, if any, shall not be made by deferred payment.
 - (iii) **Vesting Generally.** Shares of Common Stock acquired under the restricted stock purchase agreement may, but need not, be subject to forfeiture to the Company or other restrictions that will lapse in accordance with a vesting schedule to be determined by the Board.
 - (iv) **Termination of Participant's Service.** In the event a Participant's Service terminates, any or all of the shares of Common Stock held by the Participant that have not vested as of the date of termination under the terms of the restricted stock purchase agreement shall be forfeited to the Company in accordance with the restricted stock purchase agreement.
 - (v) **Transferability.** Rights to acquire shares of Common Stock under the restricted stock purchase agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the restricted stock purchase agreement, as the Board shall determine in its discretion, so long as Common Stock awarded under the restricted stock purchase agreement remains subject to the terms of the restricted stock purchase agreement.
- (c) **Stock Appreciation Rights.** Each stock appreciation right agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of stock appreciation right agreements may be changed from time to time, and the terms and conditions of separate stock appreciation right agreements need not be identical; *provided, however*, that each stock appreciation right agreement shall include (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:
- (i) **Strike Price and Calculation of Appreciation.** Each stock appreciation right will be denominated in shares of Common Stock equivalents. The appreciation distribution payable on the exercise of a stock appreciation right will not be greater than an amount equal to the excess of (i) the aggregate Fair Market Value on the date of the exercise of the stock appreciation right of a number of shares of Common Stock equal to the number of shares of Common Stock equivalents in which the Participant is vested under such stock appreciation right and with respect to which the Participant is exercising the stock appreciation right on such date over (ii) an amount (the "strike price") that will be determined by the Board at the time of grant of the stock appreciation right; *provided, however*, that the strike price of a stock appreciation right granted to a Director or Employee shall be not less than the Fair Market Value of the Common Stock equivalents subject to the stock appreciation right on the date the stock appreciation right is granted.

- (ii) **Vesting.** At the time of the grant of a stock appreciation right, the Board may impose such restrictions or conditions to vesting of such stock appreciation right as it, in its sole discretion, deems appropriate.
- (iii) **Exercise.** To exercise any outstanding stock appreciation right, the Participant must provide written notice to exercise to the Company in compliance with the provisions of the stock appreciation right agreement evidencing such stock appreciation right.
- (iv) **Payment.** The appreciation distribution in respect to a stock appreciation right may be paid in shares of Common Stock, in cash, in any combination of shares of Common Stock and cash, or in any other form of consideration, as determined by the Board and contained in the stock appreciation right agreement evidencing such stock appreciation right.
- (v) **Termination of Service.** In the event that a Participant's Service terminates, the Participant may exercise his or her stock appreciation right (to the extent that the Participant was entitled to exercise such stock appreciation right as of the date of termination) but only within such period of time ending on the earlier of (i) the date three months following the termination of the Participant's Service (or such longer or shorter period specified in the stock appreciation right agreement), or (ii) the expiration of the term of the stock appreciation right as set forth in the stock appreciation right agreement. If, after termination, the Participant does not exercise his or her stock appreciation right within the time specified herein or in the stock appreciation right agreement (as applicable), the stock appreciation right shall terminate.

8. COVENANTS OF THE COMPANY.

- (a) **Availability of Shares.** During the terms of the Stock Awards, the Company shall keep available at all times the number of shares of Common Stock required to satisfy such Stock Awards.
- (b) **Securities Law Compliance.** The Company shall seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise of the Stock Awards; *provided, however*, that this undertaking shall not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Stock Awards unless and until such authority is obtained.

9. USE OF PROCEEDS FROM STOCK.

Proceeds from the sale of Common Stock pursuant to Stock Awards shall constitute general funds of the Company.

10. MISCELLANEOUS.

- (a) **Acceleration of Exercisability and Vesting.** The Board shall have the power to accelerate the time at which a Stock Award may first be exercised or the time during which a Stock Award or any part thereof will vest in accordance with the Plan, notwithstanding the provisions in the Stock Award stating the time at which it may first be exercised or the time during which it will vest.
- (b) **Stockholder Rights.** No Participant shall be deemed to have dividend rights or other rights as a stockholder with respect to any shares of Common Stock subject to an Option or stock appreciation right unless and until such Participant has properly exercised the Option or stock appreciation right. A Participant will have all of the rights of a stockholder as to any stock bonuses and shares of Common Stock acquired under a restricted stock purchase agreement as of the date of such Stock Awards, whether or not then vested, except as otherwise provided in the Stock Award Agreement, and unless and until the stock bonus or restricted stock is forfeited to the Company in accordance with applicable vesting requirements, if any.
- (c) **No Employment or other Service Rights.** Nothing in the Plan or any instrument executed or Stock Award granted pursuant hereto shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Stock Award was granted or shall affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate or (iii) the service of a Director pursuant to the Bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.
- (d) **Incentive Stock Option Dollar Limitation.** To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and its Affiliates) exceeds \$100,000, the Options or portions thereof which exceed such limit (according to the order in which they were granted) shall be treated as Nonstatutory Stock Options.
- (e) **Investment Assurances.** The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Stock Award, (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Stock Award; and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Stock Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, shall be inoperative if (1) the issuance of the shares of Common Stock upon the exercise or acquisition of Common Stock under the Stock Award has been registered under a then currently effective registration statement under the Securities Act or (2) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

- (f) **Withholding Obligations.** To the extent provided by the terms of a Stock Award Agreement, the Participant may satisfy any federal, state or local tax withholding obligation relating to the exercise or acquisition of Common Stock under a Stock Award by any of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) tendering a cash payment; (ii) authorizing the Company to withhold shares of Common Stock from the shares of Common Stock otherwise issuable to the Participant as a result of the exercise or acquisition of Common Stock under the Stock Award, *provided, however*, that no shares of Common Stock are withheld with a Fair Market Value exceeding the minimum amount of tax required to be withheld by law (or such lesser amount as may be necessary to avoid variable award accounting); or (iii) delivering to the Company owned and unencumbered shares of Common Stock of the Company.

11. ADJUSTMENTS UPON CHANGES IN STOCK.

- (a) **Capitalization Adjustments.** If any change is made in the Common Stock subject to the Plan, or subject to any Stock Award, without the receipt of consideration by the Company (through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company), the Plan will be appropriately adjusted in the class and maximum number of shares subject to the Plan pursuant to subsection 4(a) and the maximum number of shares subject to award to any person pursuant to subsection 5(c), and the outstanding Stock Awards will be appropriately adjusted in the class and number of shares and price per share of Common Stock subject to such outstanding Stock Awards. The Board shall make such adjustments, and its determination shall be final, binding and conclusive. For clarity, the conversion of any convertible securities of the Company shall not be treated as a transaction "without receipt of consideration" by the Company.
- (b) **Dissolution or Liquidation.** In the event of a dissolution or liquidation of the Company, all outstanding Stock Awards shall terminate immediately prior to such event, and shares of bonus stock and restricted stock subject to the Company's repurchase option or to forfeiture under subsections 7(a)(iii) and 7(b)(iii) may be repurchased by the Company or forfeited notwithstanding the fact that the holder of such stock is still in Service.
- (c) **Corporate Transaction.** In the event of a Corporate Transaction, any surviving corporation or acquiring corporation may assume any Stock Awards outstanding under the Plan or may substitute similar stock awards (including an award to acquire the same consideration paid to the stockholders in the transaction described in this subsection 11(c)) for those outstanding under the Plan. Unless the Stock Award Agreement otherwise provides, in the event any surviving corporation or acquiring corporation does not assume such Stock Awards or substitute similar stock awards for those outstanding under the Plan, then the Stock Awards shall terminate if not exercised at or prior to such event.

12. AMENDMENT OF THE PLAN AND STOCK AWARDS.

- (a) **Amendment of Plan.** The Board at any time, and from time to time, may amend the Plan. However, except as provided in Section 11 relating to adjustments upon changes in Common Stock, no amendment shall be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary to satisfy the requirements of Section 422 of the Code, Rule 16b-3 or any securities exchange listing requirements.

- (b) **Stockholder Approval.** The Board may, in its sole discretion, submit any other amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of Section 162(m) of the Code and the regulations thereunder regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to certain executive officers.
- (c) **Contemplated Amendments.** It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide eligible Employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Incentive Stock Options or to bring the Plan or Incentive Stock Options granted under it into compliance therewith.
- (d) **No Impairment of Rights.** Rights under any Stock Award granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless the Participant consents thereto in writing.
- (e) **Amendment of Stock Awards.** The Board at any time, and from time to time, may amend the terms of any one or more Stock Awards; *provided, however,* that the rights under any Stock Award shall not be impaired by any such amendment unless the Participant consents thereto in writing.

13. TERMINATION OR SUSPENSION OF THE PLAN.

- (a) **Plan Term.** Unless sooner terminated by the Board pursuant to Section 3, the Plan shall automatically terminate on the day before the tenth anniversary of the date the Plan is adopted by the Board. No Stock Awards may be granted under the Plan while the Plan is suspended or after it is terminated.
- (b) **No Impairment of Rights.** Suspension or termination of the Plan shall not impair rights and obligations under any Stock Award granted while the Plan is in effect except with the written consent of the Participant.

14. EFFECTIVE DATE OF PLAN.

The Plan shall become effective upon approval of the stockholders of the Company, provided that such approval is received before the expiration of one year from the date the Plan is approved by the Board of Directors, and provided further that the Board of Directors may grant Options (but not award bonus stock, restricted stock, or stock appreciation rights) pursuant to the Plan prior to stockholder approval if the exercise of such Options by its terms is contingent upon stockholder approval of the Plan as provided above.

15. CHOICE OF LAW.

The law of the State of Nevada shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to the choice of law rules.
